

PSFF presents: A Rick Hafele Workshop

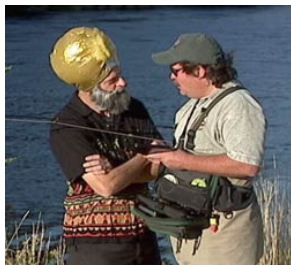

Save March 27th on your calendars!

Our club is sponsoring Rick Hafele as a club conservation fundraiser at the Royal A Gove Masonic Lodge in Tacoma.

We start at 9am and end about 4pm.

No matter what your level of fishing expertise, you'll learn from Rick. He is one of the leading fishing entomologists in the country AND he makes the learning FUN. Rick has the gift of transforming the complexities of what you want to know, into easy to learn and remember portions. Just a few examples of Rick's work include the books *Nymph Fishing Rivers and Streams*, and *Western Mayfly Hatches* and DVDs like *Anatomy of a Trout Stream* and *Advanced Nymph Fishing*.

If these hyperlinks don't open you'll have to copy and paste them into your browser but for example, on his website, www.laughingrivers.com you can enjoy, "The Legend of the Bugwan" at www.laughingrivers.com/bugwan2.html or, "The Three Essentials of Fly Fishing at www.laughingrivers.com/rick-essentials.html" If you like those, then check out, "The Anatomy of the Hatch at

www.laughingrivers.com/rick-anatomy.html." These learning resources are typical for Rick and demonstrate why you should come and hear the Bugwan in person! A couple other that are great are: Aquatic insects by season at www.laughingrivers.com/aquatic_insects_by_season.html Rick has a comprehensive fly fishing interest, just take a look at his list of programs from the website, www.laughingrivers.com/programs.html.

You can register by sending a check for \$40 for members and \$55 for non-members to the address on the form. You'll save \$10 if you register before March 20th. All the profits will go to funding conservation projects.
