

Puget Sound Flyfishers
Conservation Chair Job Description

The job of the Conservation Chair is to keep the Club membership updated on conservation issues that are relevant to our sport and our area. The Chair is also responsible for planning and overseeing any conservation projects the club decides to carry out.

Job Functions

The Conservation Chair shall update the membership on any conservation issues and or projects at the monthly general membership meeting.

The Conservation Chair will submit an article for the monthly newsletter

The Conservation Chair shall attend BOD meetings and advise the board on issues when necessary.

The Conservation Chair when planning any project, either instream or not, will contact any and all agencies that may have jurisdiction over the area where the project is planned to take place. These should include but not be limited to, Private landowners, WDFW, Pierce County, City of Lakewood Washington, City of University Place Washington, City of Tacoma Washington.
